

Largest 2020 Census Operation to Begin Nationwide

Census takers will begin to follow up with households that have not yet responded to the 2020 Census. This operation, known as Nonresponse Followup, will begin everywhere on August 11.

Health and Safety

Census takers will be wearing masks and follow public health guidelines when they visit. They must complete a virtual COVID-19 training on social distancing protocols and other health and safety guidance before beginning their work in neighborhoods.

If you haven't responded yet, it's not too late. You can still respond online: [2020CENSUS.GOV](https://2020census.gov), **BY MAIL** using the form we've already delivered to you, or **BY PHONE IN THE 13 LANGUAGES** listed below. If a census taker comes to your home, please cooperate. Your community needs your response.
